All Dimensions where Stated are Approximate.  
 To convert measurements to feet divide the whole number by 300 and that will give you an approximate conversion (2200mm = 300 x 9 feet)  
 This drawing is subject to copyright and must not be copied or reproduced with out permission of Architectural Services. These drawings have been prepared by Architectural Services. All dimensions must be checked by the contractor before commencement of construction. No responsibility or liability for non-compliance or lack of information will be accepted, or for changes made by the client or contractor after start of or during construction.
