The Läncko Wall System brings out a Contemporary and Warm aesthetic to any space. Our products are made from Recycled and/or Reclaimed wood, a completely Natural product that shows variations in color, stain, wood grain, and appearance. Colors and products are displayed as accurately as possible; the wall tiles as shown in our brochures, catalogs, spec sheets and on our website are never identical to each other or to products shipped. Color, texture, character, hewn and appearance variation is not covered by our warranty. The uniqueness and variation between tiles is the product's signature, personality and trait; these are completely normal. Please check products before installation, Lancko Group Inc. is not responsible for any installation fees. Returns will incur a re-stocking fee.
