

FARMHOUSE

This house is situated in naturally blessed Shiga of the countryside. The client, you really like the environment, the demand wood stove, installation, floor of solid wood, it was like a life in the good old rural part of Japan reminiscent as a single plate of such table.

We plan, create inspired from communication America Shaker of the rural life of Japan, has taken the demand to account.

Also, it took in iron plate, glass, fabric, such as a wide variety of things to the interior.

Are represented life in a whole new Japan of rural by fusing what all of them.
