PRESS RELEASE

Athens, April 8th, 2020

VILLA MANDRA

Sitting on the ridge of the hill of Aleomandra in Mykonos yet almost entirely hidden from view, Villa Mandra looks straight out to sea and the sunset over the neighbouring island of Delos. A 6-bedroom holiday house built for a young, dynamic couple to enjoy with their family and friends, it celebrates its spectacular view from a grounded viewpoint blended into a sensitively landscaped, stone-walled garden that screens it from the road behind.

The simple white volumes, straight stone walls and light pergola planes sit comfortably in the Cycladic landscape and the efficiency of their layout, centred around the courtyard living space, streamlines daily life. Villa Mandra is informed by humble Cycladic tradition, enriched by natural materiality and inspired by contemporary summer living.

K-STUDIO is a design practice rooted in architecture.

Our contextual approach produces unique and immersive experiences through Architecture, Hardscape Design and Interior Design.
