

LED illuminated furniture handles

LED illuminated handles for drawers and hinged doors

- For use with built-in furniture and to retrofit existing furniture
- Low energy consumption by using high effective LEDs
- Very low operating temperature and No buzzing sound
- Innovative power supply system for movable furniture parts
- Variable lengths, light colors and decorative surfaces
- Remote control and dimming function
- Optional extension with motion detector switch

Available lengths - center to center:

96,128, 224,256,320,352,448,480,544,576,672mm

Available LED light single colors: **cold white**, **blue**, **red**, **green**, **yellow**

Available decor finish:

Galvanic colors

Nickel matte

Chrome gloss

Pulver paint colors

Structured Gray

Pearl Black

other colors available on request

Operation control options:

Touch slide RF Remote Controller

- Sensitive brightness adjustment touch slide
- Each remote can match one or more receiver
- Operate with LED indicator light

Wi-fi relay RF Remote Controller

- APP dimming and control
- Each remote can match one or more receiver
- Available on Android and IOS software

Motion detection sensor RF Switch

- Active microwave motion detectors
- Motion can be detected through plastic, glass and thin non-metal materials
- Wide detection area, range up to 10 m

Technical data:

Primary Power: ~100-240V/ ~50/60Hz

Secondary Power: 12V DC / 12 - 45 W

Class: Transformer IP 20, class II 

Light source: LED, non exchangeable

LED lighting system for decorative hardware

 This luminaire contains built-in LED lamps

The lamps cannot be changed in the luminaire.
