

## **CHAILLOT PROJECT**

*designed by Aida Sniraite, Authentic Interior*

White walls, classic mouldings were perfect canvas to indulge in contrasting materials and play with shapes and colours.

Located in a dreamy Chaillot area near Passy Water Reservoirs and Arc de Triomphe, this rented apartment is filled with natural light and offers views straight to the water.

Aida Sniraite, the owner and interior designer at “Authentic Interior” design studio, has created an elegant apartment in Paris of 160sqm for a client who loves collecting art and is passionate about vintage furniture. This apartment has breathtaking views to the Eiffel Tower and Passy Reservoirs.

## HALLWAY

Hallway view when entering the apartment. It accommodates a vintage sourced console, Kundalini “Lanna’ Table” light fixture. Room in the back - dining area with a welded mirror finish stool by Julian Mayor (limited edition & signed piece)

Above - view from the office space to the hallway with the console and art.

Left - Vintage sourced mirror and marble hanging racks.

## SITTING ROOM

Sitting room. In line with client brief, “Authentic Interior” has created a space that accommodates client’s owned furniture and sculptures, adding luxury and vintage pieces as well as art.

Above - Entry to the office space

In the sitting room, “Authentic Interior” design studio has boldly married aluminium Wassily chairs, bronze sculpture, marble-brass coffee table, copper decorative light, golden candle holder. Vintage rug connects client already owned sofas and completes the space. We can see that mixing different types of metals is possible and recommended.

OFFICE

The office has been designed airy and clean. Inspiration has been taken from the existing white office desk and orange vase.

Shelves have been chosen white so that it blends with the walls. Books and accessories, vintage orange chair, artwork and beautiful table lamp have been chosen in blue and orange to make a complementary statement on blank canvas.

## DINING ROOM

Left - entrance to the dining room from the office.

Client asked for an exceptional dining table, so it has been chosen as a statement and investment piece, a true artwork, a limited edition signed piece by an artist. Minimal vintage chairs and a dreamy suspension complete the space.

Dining room table detailing. Welded mirror base and glass top.

## MASTER BEDROOM

Bedroom showcases the original sourced artwork from a local gallery which completes red velvet headboard, beautiful linen curtains and a table lamp on a vintage side table.

## TEENAGER ROOM

Teenager room's theme has been inspired by the tropics and this is the most colourful room from the whole apartment. Vintage sourced wardrobe and kilim, limited edition side tables as well as a table lamp, and handmade Jujus make a perfect colourful statement to the white walls.
