Introducing a sustainable alternative to wood **WPC , Wood Plastic Composite**

- **Wood-plastic composites** (WPCs) are composite materials made of wood fiber/flour and thermoplastic(s)

WPC have eight distinguished characteristics,

- fire-resistant ,
- water proof ,
- insect-resistant,
- anti-friction,
- rot-proof, durable for exterior and interior usage
- long lasting good-looking ,
- weather resistant that is wide adaptability to temperature , climate, and ultraviolet
- ,not easy to deform and fade.
- WPC products are easy to install and 100% recycling and easy to perfect alternative and substitute for lumber and plastics.

- ✓ *Unaffected by salt water!*

Gazebos

➡ Gazebos allow you to enjoy the ambiance of your yard or garden without having to worry about being rained on or exposed to too much sunlight.

➡ You could also turn your gazebo into a relaxing place where you could set up your whirlpool or hot tub.

➡ A gazebo could also offer a place where you could do your exercise and fitness routines, instead of exercising indoors, stretching and doing aerobic exercises could be more Fun and exciting if you would doing it outdoors. Today, there are a wide variety of gazebos that you can set up in your garden or yard.

Pergola

➡ An outdoor pergola is commonly used as shading or covering in a certain outdoor living area of a home, or a passageway structure in a garden.

➡ Designs of a pergola come in all sorts of shapes and sizes, and the most popularly used shape is rectangular.

➡ When the pergola is completed, it can be decorated with plants, flowers and vines.

Planters

⇒ BVW planter will add new decorative dimension to the outside of your home. They are easy to make and can be used to hold many different types of Flowers that will spruce up the exterior of your house.

Products

Decking

TENSILE MEMBRANES

out of the box

TENSILE MEMBRANE APPLICATIONS

out of the box

A white, sail-like tensile membrane structure is mounted on a white pole on a rooftop terrace. The terrace has a wooden deck and a planter box with various plants, including green leafy plants and small red flowers. In the background, a cityscape is visible under a cloudy sky.
