

Village East Fact Sheet

Background	Village East was created out of a desire to address the needs of the local creative community throughout the day and night. In 2005 Village East opened as a New York/Scando-style cocktail bar and brasserie. After seven years of contributing to the culinary hub of Bermondsey, Village East closed in summer 2013 for an extensive refurbishment and re-launched in September 2013 with new interiors and an inventive and fresh menu from the fine-tuned talent of Executive Chef Toby Stuart.
