

标志性的文化中心位于珠海航空城中心区域，其设计灵感来源于成群的飞鸟以及漂流的风帆，从而形成了具有震撼力的建筑轮廓，并将成为航空城中心中轴线上的新地标。屋顶外壳结构连接了四个活动区域，由一个实心基座支撑。

内部通过连桥及中空空间相互连接，从而在内部形成一个充满活力的公共广场，同时外部提供了商业、文化及教育活动的场所。

为了营造出丰富有活力的文化中心，公共区域的视野以及光线以及不同功能分区的连通性是设计的重点。

The Iconic Culture Center in the heart of Zhuhai Aviation City is inspired by images in nature of a flock of birds and floating sails that naturally create a topographic landscape with a strong silhouette marking the new landmark along the central axis. A network of roofshells unifies four zones of activities on top of a solid plinth.

Which are interconnected by interstitial spaces of bridge and voids for a vibrant public plazas inwards as well as outwards towards the promenades with commercial, cultural and educational activities.

Vista and daylight in all public areas as well as connectivity between program functions are paramount in the design to create a lively culture center.
