## Made in France by French Trotters

By 20PH | Jul 18th, 2012 | [Fashion trends](#) |

With its three Parisian boutiques, the brand **French Trotters** founded by Carole and Clarent Dehlouz offers some products made in France. Dedicated to men's, women's and children's wear, this house offers quality and exclusiveness by constantly selecting confidential rising brands. As proof, **Tila March** and Le Mont St Michel were two jewels found by their team. We love them!
