## INTRODUCTION

We are inspired by the natural light and our main goal is to re-create this harmonious and positive vibe in inner spaces. We produce our crystal chandeliers in our very own workshop using traditional artisanship. This classic technology allows us to create one-of-a-kind lighting creations. They are unique pieces of art that add immense character to the scheme.

We ultimately believe that good design should make the world around us a more beautiful and harmonious place to live and we're passionate about bringing light to you in its purest form by our lighting creations.

## ORIGO

Compact sized contemporary crystal pendant, created to add warmth and glamour into the interior. Provides the possibility of infinite arrangements of various clusters, but can be also used as a single pendant. Skillfully handcrafted, polished copper lampshade with Swarovski® crystals.

**Origo** sizes in cm

*Spun solid brass pendant with Swarovski® crystals.  
Light source: 16/18W, 3000K, LED incl.*

ORIGO

## ORIGO STAR

With the play of symmetry and harmony, we created Origo Star crystal chandelier. It is a majestic lighting creation that completes the space with its elegant and refined design.

**Origo Star** sizes in cm

D1 D2 H

Set of three individual Origo chandeliers. Solid brass with Swarovski® crystals on pointed metal structure.
