

HEX

ENQUIRE FOR A BESPOKE SOLUTION AND INDIVIDUAL QUOTE

PRODUCT INFORMATION

The HEX unit ranges from a contemporary single HEX stool to a fully enclosed room divider. Adjustable swivel tables, shelves, drawers, planters and acoustic inserts are available to buy as single components. The shell and inserts can be customized to meet the customer's needs: add-ons as power supplies, stool handles, large planter tops and glass tops are all available within the collection.

As the product is built on a modular system it adapts easily to any commercial environment and office landscapes.

HEX SPECIFICATIONS

ENQUIRE FOR A BESPOKE SOLUTION AND INDIVIDUAL QUOTE

Design and create your own unique modular furniture or request a bespoke design to cater for your needs. All surface materials can be customized to match your existing interior palette. Your quote is based upon your spec + supply + install + location.

- 1) measure your space
- 2) choose your HEX shell components
- 3) choose your inserts
- 4) choose your finish and fabrics

- Your piece will be completely unique as it has been made to suit your individual specifications
- It can be made to match or complement the existing interior design
- You can choose every detail from the size, shape, material and colour
- You have no need to assemble pieces as it is ready-made and it will be installed for you
- Designed specifically to suit your requirements: your piece is unique, and well made

STANDARD PRODUCT INFORMATION

- Surface finish: wood veneer / laminate
- Frame: MDF / blockboard frame with glued and screwed joints
- Stool padding: foam padding on top side + button detail
- Plants: supplied by Exubia
- Assembly: glue (no screw option), 2 x install team

CAMIRA FABRICS

- Mix and match from the recommended Camira range: Intervene, Halcyon, 24/7+, X2, Urban and Oxygen. Full list available upon request
- All fabrics meet low hazard flammability
