

An architectural rendering of a modern skyscraper named HTM Hybrid Tower Mestre. The building features a distinctive design with a glass facade, a white section with cantilevered balconies, and a dark top section. The scene includes a parking lot with several cars and a row of billboards in the foreground. The sky is overcast.

HYBRID  
TOWER  
MESTRE

UN'ESPERIENZA  
RESIDENZIALE  
CONTEMPORANEA

An architectural rendering of a modern urban environment. In the center, a tall, slender tower with a grid-like facade rises against a clear sky. To the left, a large glass-walled structure with a slanted frame is visible. The foreground shows a street with people walking, cars, and various art installations, including large colorful panels and a large eye-shaped sculpture. A flock of birds is flying in the sky on the right side.

HTM

A panoramic view of Venice from a high-rise restaurant. The scene is filled with tables and chairs, and several large, spherical pendant lights hang from the ceiling. The view outside the large windows shows the Venetian lagoon and the city's architecture.
