

*“We conceive our projects as a whole entity.
Architecture, interior design, technology and home automation coexist in perfect harmony.”*
Meritxell Ribé and Josep Puigdomènech

Josep Puigdomènech and Meritxell Ribé

The tandem formed by Meritxell Ribé and Josep Puigdomènech, founders of **Meritxell Ribé -The Room Studio**, is the key to the success of this dynamic company that prioritizes comfort, aesthetics, creativity and technology. Founded in Barcelona in 2005, **Meritxell Ribé -The Room Studio** currently has two offices in Barcelona. In both spaces the warmth of the details and the lighting, the masculine and the feminine elements and the technique and creativity merge, providing a display of the inspiration of Meritxell and Josep.

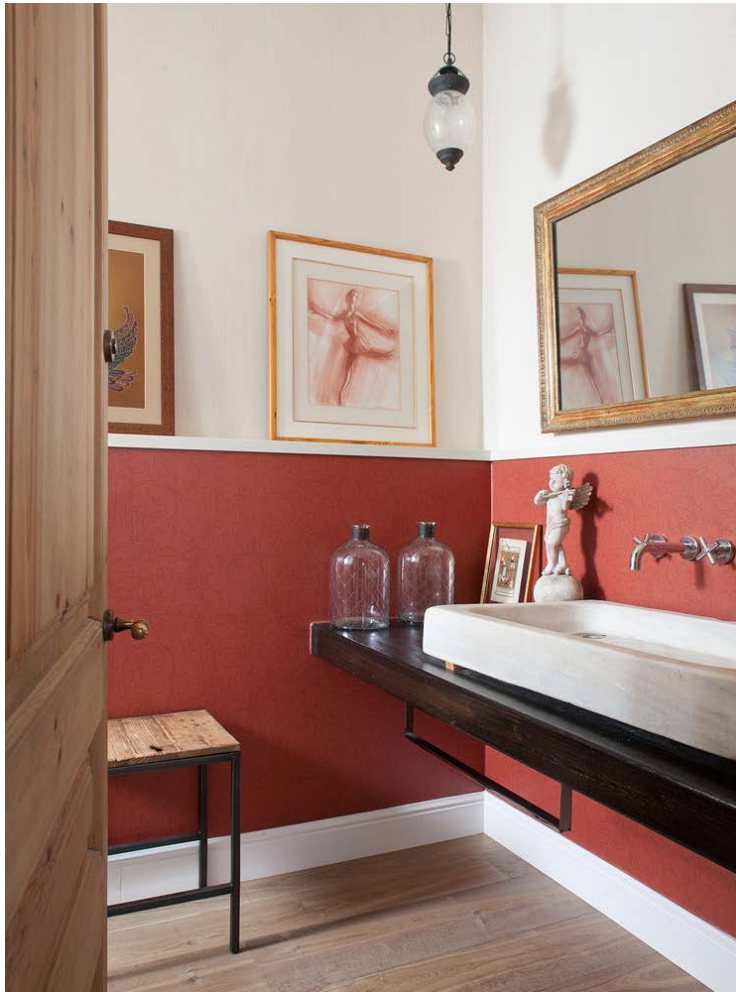

Espai Travessera, is a regal house updated by **Meritxell Ribé -The Room Studio**, and it has been conceived as a showroom with two rooms exclusively designed to see, hear and feel the latest technological advances in audiovisual, music and home automation. **Espai Travessera** also presents an interior design that is changing according to the concerns of its founders. Art, good taste in the choice of furniture and lighting pieces and respect for the classic elements, are the common thread of this space.

Meritxell Ribé and Josep Puigdomènech opened **Espai Paris** in 2016, and it is a 250 m2 premises on this iconic street that has become their calling card. A work space that transmits the soul of its founders. Located on a building dating from 1928, **Espai Paris** was for over 40 years an old auto workshop. Meritxell and Josep have preserved the soul of its origins and have converted it into a space where you can enjoy unique pieces of furniture, art exhibitions and celebrate events related to the world of architecture, design and photography. **Espai Paris** also incorporates the latest in home automation, lighting and technology, in a warm atmosphere with special attention to detail.

MERITXELL RIBÉ
THE ROOM STUDIO

*“We work each work as its own entity, designing each project with its own uniqueness.
We create singular atmospheres and sensations thanks to the incorporation
of home automation and technology in our projects.”*

Meritxell Ribé and Josep Puigdomènech

✿
MERITXELL RIBÉ
THE ROOM STUDIO

Since its inception in 2005, **Meritxell Ribé - The Room Studio** has overseen more than 40 residential and contract projects always following their motto: work each work as a whole entity. As a result of this philosophy, they decided to incorporate their own construction company in 2008, which allows them to offer their clients total control over their projects and form a studio capable of creating, conceiving and executing their projects from the beginning to the end. Also, the incorporation of home automation and technology, together with a meticulous study of lighting in each of their projects, make for spaces which can be enjoyed by all five senses. The result: global projects with warm and comfortable environments, capable of transforming into living spaces full of personality.

About Meritxell Ribé and Josep Puigdomènech:

Meritxell Ribé (Born in Lleida, 1977), studied interior design at the BAU University Design Center (Barcelona). She started her professional career in a prestigious architectural studio in Barcelona, specializing in high-end housing, hotels and restaurants. Her rapid adaptation and dedication led her to take responsibility for a team of more than 15 professionals. In 2005, she struck out on her own, and opened her own studio together with her partner Josep Puigdomènech.

Currently, they have a multidisciplinary team of architects, technical architects and interior designers composing a team of 16 high-end professionals. Demonstrating attributes of passion, vitality, versatility, and with great concern for design down to the last detail, Meritxell Ribé shares the soul of **Meritxell Ribé - The Room Studio** together with partner, Josep Puigdomènech (Barcelona, 1976).

Josep Puigdomènech is a technical architect of training and interior designer by vocation. Josep began his professional career at a construction company in Barcelona, and was responsible for designing projects from the conception through to the final management of each project. Passionate about drawing, design and extremely knowledgeable about the latest in technology, lighting and home automation, Josep Puigdomènech is constantly searching for new techniques and materials to provide his projects with maximum comfort and technology.
