PRESS RELEASE 30/01/2016

## ANTILOPE

TPOLOGY: high stool

MATERIAL: wood / iron

YEAR: 2016

PHOTO: Emanuele Chiaverini

**Mario Alessiani** presents its last product **Antilope**, designed for the Italian company **Offiseria**.

Antilope is a flat pack high stool made of a metal structure that support its wooden parts. Every functional part is shown and it is the main sign of its design, highlighted with colors, and becomes at the same time structure and aesthetics of the object. No glue and no joints, it is mounted just with screws. The result is a solid high stool, easy to mount and easy to deliver.
