

*P*l y a 12 ans j'ai découvert un véritable trésor: un atelier de fabrication d'une mosaïque de pierres naturelles orientales d'une qualité INEGALABLE, selon un savoir faire Romano-Byzantin de plus de 2000 ans. Je décidais alors, de créer Pierdekor Europe, fonctionnant grâce au travail que nous avons pu développer avec les meilleurs architectes et show rooms de France, d'Espagne et de Suisse. En 2012, nous avons créé Pierdekor Brésil et également publié le nouveau catalogue Europe spécialement pour vous. Nous realisons des travaux sur mesure, sans limitation, commandés par nos clients architectes, décorateurs et boutique haut de gamme.

*T*here 12 years ago I ran into a treasure: a workshop producing a mosaic of eastern natural stones of UNSURPASSED quality, within a Romano-Byzantine know-how of more than 2000 years. I then decided to create Pierdekor Europe, which runs after the work that we have developed with the best architects and showrooms of France, Spain and Switzerland. In 2012, we created Pierdekor Brazil and also released the new catalog for you. We are working cut to size, without limitation, customized ordered by architects, designers and high-end boutiques.
