

## SCHOOL CAMPUS PANHOVEN PEER

*DESIGN FOR A SECONDARY SCHOOL, ELEMENTARY SCHOOL, SPORTS COMPLEX AND BOARDING SCHOOL*

### Data

Location:	Collegelaan, Peer, België
Program:	18.000 m <sup>2</sup> Secondary school, elementary school, sports complex and boarding school
Client:	DBFM Scholen van Morgen, City of Peer
Design:	2011 – 2013
Start build:	2014
Expected date of completion:	2016
Design team	
Projectarchitects:	Monica Adams, Juliette Bekkering
Team:	Frank de Vleschhouwer, Zuzanna Kuldova, Perry Klootwijk, Esther Vlasveld, Edwin Nipius, Pia Fischer, Stefania Masuino, Magdalena Strak, Philip Mannaerts, Jan Pieter Bos, Frank Venhorst
Landscape architect:	B+B Stedebouw en Landschapsarchitectuur
Contractor:	Strabag Antwerpen
Technical support:	Bureau Bouwtechniek
M&E Engineer:	Ingenium nv
Structural Engineer:	ABT België nv
Photographer	Scagliola Brakkee

### Text

The project School Campus Peer includes the construction of a secondary school, a primary school, a sports complex and a boarding school and has a size of approximately 18,000 m<sup>2</sup>. The project is designed as a landscaped urban ensemble, with the sports fields, playgrounds and a large public park as an integral part of the campus design. The set up of the various buildings, the playgrounds and the outdoor spaces ensures a diverse play and learning landscape, where a range of activities is possible. The campus is located in the immediate vicinity of the centre of Peer. The green central area is open to the public, making the campus of benefit to the town of Peer.

The design of the buildings is flexible in design, with common areas for meetings, learning centres and various forms of education. The special rooms in the buildings are designed as expressive accents, and anchor the building to the surrounding environment. An important component is the clear zoning of the buildings, through which multiple use is possible and the campus will be alive during the day as well as in the evening. Through this the campus is anchored in the social and spatial structure of Peer.

The project is part of the Belgium "Schools of Tomorrow", a major operation upgrading and renewing more than 200 schools in the whole country. The landscape design was made in co-operation with landscape designers Bureau B + B.
