HEIGHT 230CM X WIDTH 136CM · COLOR WHITE

The ultimate space divider

The Facet suspended room divider is perfect for dividing the space in rooms. It does this stylishly through capturing and reflecting light. The individual geometric diamond shapes can rotate independently, creating beautiful patterns of light and shade. You have absolute freedom to arrange amazing patterns, pivot the diamonds to catch the light or flip them to create more transparency! Facet is beautiful and practical.

Any shape, any size

The Facet suspended room divider is 100% modular. We can supply the screen in any size and shape you could wish for. Ideal for your home, commercial/public spaces, hotels, restaurants, offices, showrooms, retail stores or reception areas. We have 117 popular sizes available from stock. But as it is a modular system, we can easily create one to suit your requirements. It can even be used as a stunning wallcovering. The possibilities are endless.

Patterns

Facet's unique adjustable design allows you to adapt the way it looks in your space. The individual elements that make up the screen can be rotated. Even a slight adjustment to the angle of the diamonds will create unique patterns and effects.

Range of colors

The diamond-shaped Facet elements and frame sections are available in a whole range of contemporary colors: **White, Graphite, Pearl Gray, Pale Blue, Dijon** and **Chestnut**. These carefully selected colors lend each Facet room divider a completely different character and look, to match the distinctive style of your interior. The ceiling mounts for the suspended room divider are available in brushed stainless steel.

Installation

The Facet suspended room divider comes with a clear 6-step assembly instruction. The smart modular design makes assembly and installation very simple. Almost any type of ceiling is suitable for mounting Facet.

Sustainable materials

Facet is designed as a sustainable product. The screen comprises high-quality, strong and durable injection molded materials to ensure that everything we create will really last. The smart click-together system not only makes it simple to assemble, but also little effort to dismantle. Facet is fully recyclable, fire retardant, UV resistant and anti-static.

Free shipping

Bloomming products are available worldwide and shipping is free. Our partner FedEx will deliver your divider fully insured directly to your home or project location.

SLIDE AND DIVIDE!

Facet is also available with a suspended rail system, so that you can create a sliding divider. Use your own rail or our dedicated rail system. Download the sliding rail brochure at **www.bloomming.com**

HIGH CEILING?

If a ceiling is too high for effective use of our standard ceiling mounts, we have a discrete stainless-steel wire system to cope with even the highest ceiling. Download our ceiling mounting brochure at **www.bloomming.com**

CURVED WALL

Through using multiple small screens, you can create a large curved wall. Please contact us for details and specifications.

WALL SCREEN

It is a simple matter to create a wall covering through fixing the ceiling mounts to the wall instead of the ceiling.

LET IT STAND!

If you like our suspended room divider but you would love Facet even more if it was freestanding, please check out our Facet freestanding room divider at **www.bloomming.com**
