A new reference for carom game lovers

Official table for 2015 French National Championships

BILLARDS BRETON

With its light and ethereal lines, AERO was created to express the perfect balance between design and technique. Its unique metallic frame and leg structure bring you perfect stability and flatness for optimal playing conditions.

Technical features – 9ft (2m80) and 10ft (3m10) Competition :

- Pickled steel legs (3) structure of 12mm with reinforcement beams. Textured epoxy powder paint for final finish (black, white or graphite grey)
- Metallic frame, P37 Klematch rubber cushions
- OIS (Original Italian Slates) Label in 50mm or 60mm thickness (diamond flatness control)
- Solid wood or high density MDF cushions rails.
- Heating system
- Diamond sights
- Large choice of finishings
